SCHOOL EMPLOYEES
BENEFIT PLANS

**Winnipeg Association of Non-Teaching Employees
(Retirees)**

Extended Health Plan

Eligibility

Retired employees including their spouse and eligible dependents can become members at their time of retirement. To be eligible for coverage, you must be at least age 50 and apply within 90 days of retirement. If you were not participating in the Health plan before you retired, then you must have worked in a school division for at least five continuous years immediately prior to retirement in order to be eligible for coverage. Retirees become eligible for plan benefits on the first of the month following receipt of the application at Blue Cross, provided application is made within 90 days of retirement.

The term "Spouse" means the person with whom you are legally married or have continuously resided with for at least one year in a conjugal relationship.

You must add your spouse to your plan when they become eligible (date of marriage or one year from the date of cohabitation). If the change is reported within 90 days of the date of eligibility (date of marriage or one year from date of cohabitation), coverage for the spouse and dependent children (if any) will commence on the date of eligibility. If not reported within 90 days but is within one year of the date of eligibility, coverage for the spouse and dependent children (if any) will commence one year from the date of eligibility.

The term "Dependent" means all natural children, legally adopted children, stepchildren and children for whom you are the legal guardian. Children of the person with whom you are living in a conjugal relationship are also eligible, provided such children are living with you. All children must be unmarried, under the age of 21 and dependent upon you for support, or unmarried and under the age of 25 and in full-time attendance at an accredited educational institution, college or university.

The age restriction does not apply to a physically or mentally incapacitated child whose incapacitation commenced while they satisfied the definition of a dependent child, as described above.

Spouses/dependents of deceased retirees may continue coverage on a premium paying basis.

Enrollment

You must enroll according to your true family status, listing all eligible dependents.

In order to protect the viability of these plans, if you leave the health plan once enrolled, you will not be permitted to rejoin the plan at a later date.

Health Benefits Deductible

Health benefits are subject to a deductible of \$50 per individual or family per calendar year. The deductible amount will be subtracted from your first claim(s).

Ambulance Benefits

Once the deductible has been satisfied, you will be reimbursed 100% of the following eligible expenses.

Ambulance Service

Full payment of reasonable and customary charges for ambulance services provided within the province. Payment of up to \$250 per trip (based on provincial rates) for ambulance services provided elsewhere. This includes not only local ambulance services to and from hospital but also long distance ambulance trips for which additional mileage charges are made.

There are no limits on the amount payable within the province or on the number of trips covered.

All “emergency” ambulance trips are covered, and “non-emergency” trips are covered on the prior recommendation of the attending physician if the patient is non-ambulatory and cannot be transported by any means other than ambulance.

Air Ambulance allowances will be paid up to the amount equivalent had the services been provided by ground ambulance.

Stretcher Service (Medical Van)

Charges for “non-emergency” transport by a participating medical transfer service are covered to a lifetime maximum of \$250 per person.

Hostel Accommodation

Payment of the reasonable and customary daily charge for hostel accommodation if you require diagnostic testing or treatment, on the recommendation of a physician, at a hospital located more than 60 km from your home, and you are placed in a recognized medical hostel associated with the hospital.

See General Exclusions on page 6.

Extended Health Benefits

Eligible expenses are the Usual, Customary, and Reasonable charges for the following services and supplies required for the treatment of illness or injury. Once the deductible has been satisfied, you will be reimbursed 80% of the following eligible expenses:

Cardiac Rehabilitation

Medical Appliances

Charges for the rental, purchase or repair of:

- an iron lung when prescribed by the attending physician or nurse practitioner to a lifetime maximum of \$1,000 per person.
- a wheelchair, hospital bed, oxygen equipment or respirator when prescribed by the attending physician, nurse practitioner or occupational therapist to a maximum of \$1,000 per item per person during any 5 consecutive year period.
- walkers when prescribed by the attending physician, nurse practitioner or occupational therapist.
- other medical equipment when prescribed by the attending physician, nurse practitioner, occupational therapist, physiotherapist or athletic therapist to a lifetime maximum of \$300 per person.

Medical Supplies

Charges for orthopedic shoe modifications (excluding orthotics or insoles, removable or permanently-affixed) to accommodate, relieve or remedy a mechanical foot defect or abnormality.

A copy of a prescription from the attending physician, nurse practitioner or podiatrist including a medical diagnosis along with detailed description of the orthopedic shoes and modification(s) is required.

Payment is limited to a combined maximum of \$500 per person per calendar year.

Boots, sandals or sport specific footwear are not eligible.

Orthotics

Charges for the cost of foot orthotics when prescribed by the attending physician, nurse practitioner, chiropractor, occupational therapist, physiotherapist or podiatrist to a maximum of \$400 per person every 3 calendar years.

Paramedical Practitioners

Charges for the services of the following paramedical practitioners to a maximum of \$350 per person per type of practitioner per calendar year.

- clinical psychologist
- physiotherapist
- podiatrist/certified foot care nurse (combined)
- registered dietician

Charges for the services of an athletic therapist limited to a maximum of \$100 per person per calendar year.

Charges for acupuncturist services will be covered if performed within the scope of the license of any of the above mentioned practitioners. Payment will be included under the maximum for that practitioner.

Prescription Drugs

Charges for drugs or medicines that are eligible with Manitoba Pharmacare, prescribed by a physician or nurse practitioner and dispensed by a pharmacist. The annual maximum payable will be governed by the amount of the deductible of Pharmacare or any other government sponsored program. The prescription drug benefit is limited to a maximum of \$1,000 per person per calendar year. There is a maximum 100-day supply for any single purchase of a drug.

You will be notified to register with Pharmacare when your incurred costs for drugs or medicines have reached \$1,000 per family (or contract) during the Pharmacare year. If proof of registration is not received, payment of charges for drugs or medicines will be suspended once the incurred costs reach \$1,500 per family (or contract) during that Pharmacare year until proof of registration with Pharmacare is received. This ensures that Pharmacare eligible costs are paid by Pharmacare.

Your dependent children 18 years of age and over will be notified to register with Pharmacare when costs for drugs or medicines have reached a maximum of \$100 during the Pharmacare year. If proof of registration is not received, payment of charges for drugs or medicines will be suspended when the incurred costs reach \$200 during that Pharmacare year until proof of registration with Pharmacare is received.

What is BlueNet?

BlueNet is a state-of-the-art, point-of-sale claim system created by Manitoba Blue Cross.

How does BlueNet work?

- When you make a prescription drug purchase, present your BlueNet card to the participating pharmacy.
- The pharmacist will enter your contract information into the computer along with the details of the drug purchase. Within seconds the BlueNet system will process your claim.
- The BlueNet system will notify the pharmacist if you have reached your prescription drug maximum, or if the drug being purchased is not covered.
- The BlueNet card is valid at any participating pharmacy in Manitoba.
- The BlueNet system eliminates the need to file paper claims. In the past, you may have either lost prescription drug receipts, or forgotten to file claims. As a result, you may not have received the full benefit of your prescription drug plan.

Private Duty Nursing

Charges for private duty nursing or home visits by a professional registered nurse (not a relative) either in the hospital or home when prescribed by the attending physician or nurse practitioner, to a maximum of \$10,000 per person per calendar year. Visits to the home must be within 12 months following discharge from the hospital and the service must be consistent with the treatment for the condition for which the patient was hospitalized.

Charges for purchase or repair of:

- casts, canes and crutches.
- artificial limbs and eyes when prescribed by the attending physician or nurse practitioner.
- compression garments when prescribed by the attending physician or nurse practitioner.
- breast prostheses and surgical bras when prescribed by the attending physician or nurse practitioner to a maximum of \$400 per single mastectomy and \$800 per double mastectomy per calendar year.
- wigs or hairpieces when prescribed by the attending physician or nurse practitioner to a lifetime maximum of \$1,000 per person.
- splints, trusses, braces, lumbar-sacro supports, corsets, traction equipment and cervical collars when prescribed by the attending physician, nurse practitioner, occupational therapist, physiotherapist or athletic therapist.

Travel Health Care

Charges for medical, surgical and hospital services resulting from accident or illness while travelling out of the province to a maximum of \$2,500 per person per calendar year. Additional coverage for U.S. or international travel is recommended.

Coordination of Benefits

Coordination of benefits is available when both spouses in a family are regularly employed or are retired and have health plans provided by their places of employment. Under the “Coordination of Benefits” provision, you are entitled to claim benefits from both plans, as long as the total benefits received do not exceed the actual expenses incurred.

If the services are provided to you, then Manitoba Blue Cross would be the “primary” carrier and would pay benefits first. The other insurer would then be responsible for any unpaid eligible expenses.

If the services are provided to your spouse, then their insurer would be the “primary” carrier and would pay benefits first. Your spouse should submit the claim form to their insurer. After receiving payment, any unpaid eligible expenses can be submitted to Manitoba Blue Cross with a completed Manitoba Blue Cross claim form (including your contract number) and the statement of benefits paid or denied from the other insurer.

If the services are provided to a dependent child, the plan of the covered person with the earlier month and day of birth would be the “primary” carrier. The claim would then be processed according to the procedures listed above.

In single custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with custody of the child,
- The plan of the spouse of the parent with custody of the child,
- The plan of the parent without custody of the child,
- The plan of the spouse of the parent without custody of the child.

In joint custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with the earliest month and day of birth,
- The plan of the other parent,
- The plan of the spouse of the parent with the earliest month and day of birth,
- The plan of the spouse of the other parent.

Other scenarios

If you are covered by an employer and an individual policy, the individual plan may be considered second payer to coverage available under your group plan.

If you are covered by a group and retiree plan, claims should be submitted to your group plan first as your retiree plan is considered second payer.

Claims should not be submitted to Manitoba Blue Cross when another company is the primary carrier and your dependent(s) is/are covered by another company. In cases where there is an unpaid balance on a claim paid by another company, Manitoba Blue Cross will process the remaining balance. Please remember to include a copy of the payment summary, or explanation of benefits issued by the other company with your claim so that the unpaid balance may be processed for reimbursement of up to 100% of the value of the claim.
