BENEFIT PLANS

Silver Health Plan

Eligibility

Extended Health benefits are available to permanent full-time and part-time employees, and term employees hired for at least 60 consecutive working days. Benefits are also available to your eligible dependents. New employees become eligible for benefits on their date of employment. Coverage is mandatory for non-teachers who work at least 25 hours per week (at least 6.6 hours per day for 10-month employees), unless you have alternate group coverage. Coverage is optional for employees hired for at least 60 consecutive working days but less than the required hours.

Dependents are defined as your spouse and dependent children as described below.

The term “spouse” means the person with whom you are legally married or have continuously resided with for at least one year in a conjugal relationship.

You must add your spouse to your plan when they become eligible (date of marriage or one year from the date of cohabitation). If the change is reported within 90 days of the date of eligibility (date of marriage or one year from date of cohabitation), coverage for the spouse and dependent children (if any) will commence on the date of eligibility. If not reported within 90 days but is within one year of the date of eligibility, coverage for the spouse and dependent children (if any) will commence one year from the date of eligibility.

The term “dependent children” means all natural children, legally adopted children, stepchildren and children for whom you are the legal guardian. Children of the person with whom you are living in a conjugal relationship are also eligible, provided such children are living with you. All children must be unmarried, under the age of 21 and dependent upon you for support, or unmarried and under the age of 25 and in full-time attendance at an accredited educational institution, college or university.

The age restriction does not apply to a physically or mentally incapacitated child whose incapacitation commenced while they satisfied the definition of a dependent child, as described above.

Enrollment

You must enroll according to your true family status, listing all eligible dependents.

In order to protect the viability of these plans, once enrolled in the health plan, you are not permitted to opt out while still employed, except in the event of recently obtained alternate group coverage. Notification of alternate coverage is required within 90 days of acquiring the alternate plan.

Leaves of Absence

Coverage may be continued during a leave of absence provided it is for the full duration of the leave, unless coverage under an alternate group plan is acquired.

Ambulance Benefits

You will be reimbursed 100% of eligible expenses.

Ambulance Service

Payment of reasonable and customary charges for ambulance services provided within the province or for those who live near the Saskatchewan border and require transport to a Saskatchewan hospital. Payment of up to \$250 per trip (based on provincial rates) for ambulance services provided elsewhere. This includes not only local ambulance services to and from hospital but also long distance trips for which additional charges are made.

There are no limits on the amount payable within the province or on the number of trips covered.

All “emergency” ambulance trips are covered, and “non-emergency” trips are covered on the prior recommendation of the attending physician if the patient is non-ambulatory and cannot be transported by any means other than ambulance.

Air Ambulance allowances will be paid up to the amount equivalent had the services been provided by ground ambulance.

Stretcher Service (Medical Van)

Charges for “non-emergency” transport by a participating medical transfer service are covered to a lifetime maximum of \$500 per person.

Prescription Drugs

Prescription drug benefits are available through the BlueNet system. When you make a drug purchase, present your BlueNet identification card to the pharmacist at the participating pharmacy. The pharmacist will enter your certificate information along with the details of the drug purchase and within seconds your claim will be processed. Any portion of your purchase that is eligible under your plan will be paid directly to the pharmacy by Manitoba Blue Cross.

If your pharmacy does not participate in the BlueNet system, it will be necessary for you to pay for your prescription drugs and submit a claim for reimbursement. You have the option of submitting your claim online via Online Claims Submission in mybluecross® or by submitting a paper claim.

Online Claims Submission allows you to send your drug claims to Manitoba Blue Cross electronically from the convenience of your home. Claim payments will automatically be deposited into your bank account through Direct Deposit in 2-3 business days. You can access Online Claims Submission by logging into or registering for mybluecross®. You will need to make sure you are signed up for Direct Deposit as well.

Travel Health Benefits

In the event of a claim, proof of departure date and return date will be required. It is your responsibility to provide such proof to Manitoba Blue Cross. (Airline tickets, passport stamps, boarding passes, travel itineraries and dated receipts are examples of acceptable proof.)

For expenses incurred within Canada

Present your original receipts or statements to your provincial health plan. Upon receipt of payment from the provincial health plan, submit a copy of your receipts and your provincial health plan statement of payment directly to Manitoba Blue Cross with a completed travel health claim form (available on Manitoba Blue Cross' website).

For expenses incurred outside of Canada

Submit all original itemized bills/receipts to Blue Cross together with a signed travel health claim form and an out-of-country medical and hospital services form (available on Manitoba Blue Cross' website). Payment will be coordinated with Manitoba Health.

Before mailing your claim, please ensure that you have:

- 1) identified yourself with your client and certificate number (shown on your identification card), and
- 2) signed the claim form.

Coordination of Benefits

Coordination of benefits is available when both spouses in a family have health and/or dental plans provided by their places of employment, or through retiree or individual plans.

Under the “Coordination of Benefits” provision, you are entitled to claim benefits from both plans, as long as the total benefits received do not exceed the actual expenses incurred.

If the services are provided to you, then Manitoba Blue Cross would be the “primary” carrier and would pay benefits first. The other insurer would then be responsible for any unpaid eligible expenses.

If the services are provided to your spouse, then their insurer would be the “primary” carrier and would pay benefits first. Your spouse should submit the claim form to their insurer. After receiving payment, any unpaid eligible expenses can be submitted to Manitoba Blue Cross with a completed Manitoba Blue Cross claim form (including your certificate number) and the statement of benefits paid or denied from the other insurer.

If the services are provided to a dependent child, the plan of the covered person with the earlier month and day of birth would be the “primary” carrier. The claim would then be processed according to the procedures listed above.

In single custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with custody of the child,
- The plan of the spouse of the parent with custody of the child,
- The plan of the parent without custody of the child,
- The plan of the spouse of the parent without custody of the child.

In joint custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with the earliest month and day of birth,
- The plan of the other parent,
- The plan of the spouse of the parent with the earliest month and day of birth,
- The plan of the spouse of the other parent.

Other scenarios

If you are covered by an employer and an individual policy, the individual plan may be considered second payer to coverage available under your group plan.

If you are covered by a group and retiree plan, claims should be submitted to your group plan first as your retiree plan is considered second payer.

Claims should not be submitted to Manitoba Blue Cross when another company is the primary carrier and your dependent(s) is/are covered by another company. In cases where there is an unpaid balance on a claim paid by another company, Manitoba Blue Cross will process the remaining balance. Please remember to include a copy of the payment summary, or explanation of benefits issued by the other company with your claim so that the unpaid balance may be processed for reimbursement of up to 100% of the value of the claim.
