BENEFIT PLANS

Winnipeg School Division
Manitoba Government and General
Employees' Union (MGEU Local 460)
Retired Employees
Extended Health Plan

Eligibility

Retired employees who are at least age 50 and have had at least 5 continuous years of service in a public school division immediately prior to retirement, are eligible for coverage. You must [apply](#) within 90 days of retirement. Benefits are also available to your eligible dependents. Retirees become eligible for plan benefits on the first of the month following receipt of the application at Blue Cross, provided application is made within 90 days of retirement.

Dependents are defined as your spouse and dependent children as described below.

The term “spouse” means the person with whom you are legally married or have continuously resided with for at least one year in a conjugal relationship.

You must add your spouse to your plan when they become eligible (date of marriage or one year from the date of cohabitation). If the change is reported within 90 days of the date of eligibility (date of marriage or one year from date of cohabitation), coverage for the spouse and dependent children (if any) will commence on the date of eligibility. If not reported within 90 days but is within one year of the date of eligibility, coverage for the spouse and dependent children (if any) will commence one year from the date of eligibility.

The term “dependent children” means all natural children, legally adopted children, stepchildren and children for whom you are the legal guardian. Children of the person with whom you are living in a conjugal relationship are also eligible, provided such children are living with you. All children must be unmarried, under the age of 21 and dependent upon you for support, or unmarried and under the age of 25 and in full-time attendance at an accredited educational institution, college or university.

The age restriction does not apply to a physically or mentally incapacitated child whose incapacitation commenced while they satisfied the definition of a dependent child, as described above.

Dependents of deceased retirees may continue coverage on a premium paying basis.

Enrollment

You must enroll according to your true family status, listing all eligible dependents.

In order to protect the viability of these plans, if you leave the health plan once enrolled, you will not be permitted to rejoin the plan at a later date.

Health Benefits Deductible

Prescription Drugs

The prescription drug benefit is limited to maximum of \$1,000 per person per calendar year. The annual maximum payable will be governed by the amount of the deductible of Pharmacare or any other government sponsored program.

This benefit covers prescribed eligible drugs that appear on the formulary listed below:

- **Managed Formulary:** a list of clinically effective prescription drugs eligible with Manitoba Pharmacare used in the diagnosis and treatment of most medical conditions based on current, evidence-based medicine and judgment of physicians, pharmacists and other experts. Blue Cross may, on an ongoing basis, add, delete or amend its list of eligible drugs.

This benefit also covers the expenses listed below:

- diabetic supplies, including test strips, lancets, needles, syringes and insulin pump supplies.
- flash glucose monitoring system including one reader per person every 36 months and sensors to a maximum of \$2,000 per person per calendar year.*
- continuous glucose monitoring system including one receiver per person every 60 months, sensors and transmitters to a combined maximum of \$3,000 per person per calendar year.*
- vaccines.
- preparations and compounds if the main ingredient is an eligible drug listed in the above formulary.

*To be eligible, the person must meet the criteria set by the Manitoba Pharmacare program.

An eligible drug is:

- approved by Health Canada;
- assigned a drug identification number (DIN) in Canada;
- prescribed by a physician or nurse practitioner who is licensed to prescribe under applicable provincial legislation;
- approved by Blue Cross as an eligible expense; and
- dispensed by a provider that is a licensed retail pharmacy or another provider that is approved by Blue Cross.

Blue Cross may determine that certain eligible drugs are subject to special authorization and/or coordination with patient assistance programs.

Blue Cross will reimburse to the lowest ingredient cost interchangeable drug. You may request a higher cost interchangeable drug; however, you will be responsible for paying the difference in cost between the interchangeable drugs. If the physician indicates the prescribed interchangeable drug cannot be substituted, Blue Cross will reimburse the cost of the prescribed interchangeable drug.

An interchangeable drug is an eligible drug that can be substituted for another eligible drug as both drugs are considered pharmaceutical equivalents by Health Canada, contain the same active ingredients and have the same route of administration.

You will be notified to register with Pharmacare when your incurred costs for drugs or medicines have reached \$1,000 per family (or certificate) during the Pharmacare year. If proof of registration is not received, payment of charges for drugs or medicines will be suspended once the incurred costs reach \$1,500 per family (or certificate) during that Pharmacare year until proof of registration with Pharmacare is received. This ensures that Pharmacare eligible costs are paid by Pharmacare.

Your dependent children 18 years of age and over will be notified to register with Pharmacare when costs for drugs or medicines have reached a maximum of \$100 during the Pharmacare year. If proof of registration is not received, payment of charges for drugs or medicines will be suspended when the incurred costs reach \$200 during that Pharmacare year until proof of registration with Pharmacare is received.

Travel Health Benefits

All travel-related claims can be submitted to CanAssistance through the secure upload feature on their website at canassistance.com or by mail to:

CanAssistance Travel Claims

PO BOX 3888, Station B

Montreal (QC) H3B 3L7

In the event of a claim, you will have to provide proof of departure and return date (airline tickets, passport stamps, boarding passes, travel itineraries and dated receipts are examples of acceptable proof).

CanAssistance travel forms for Manitoba Blue Cross members are located on the Manitoba Blue Cross website.

Should you have any questions about your claim, you should contact CanAssistance at 1.866.601.2583 (toll free).

Your travel health coverage will be eligible for direct billing with physicians, hospitals and clinics across the U.S. who are a part of the CanAssistance network. This means if you are eligible and the service is deemed to be covered, medical expenses will be processed immediately. You won't have to pay medical fees upfront and wait for reimbursement. You will only have to submit and sign the claim form and pay for other fees incurred (e.g., prescription medication).

How direct billing in the U.S. works:

- 1) Before seeking treatment, contact CanAssistance at 1.866.601.2583 (toll free) or 204.775.2583 (collect – country code may be required). These numbers are also located on the back of the Manitoba Blue Cross ID Card.
- 2) A CanAssistance representative will confirm your coverage for emergency medical care.
- 3) The representative will refer you to a medical facility that is as close as possible to your location, and they will email you an ID card to present upon arrival. They will also forward an authorization of service form to the facility. Either of these documents will exempt you from having to pay upfront for medical care or from having to make a deposit.
- 4) Following treatment, CanAssistance will review the specific details of the claim and, provided there are no exclusions in place specific to the treatment, payment will be made directly to the medical facility.

Before mailing your claim, please ensure that you have:

- 1) identified yourself with your client and certificate number (shown on your identification card), and
- 2) signed the claim form.

Coordination of Benefits

Coordination of benefits is available when both spouses in a family have health and/or dental benefits provided by their places of employment, or through retiree or individual plans.

Under the “Coordination of Benefits” provision, you are entitled to claim benefits from both plans, as long as the total benefits received do not exceed the actual expenses incurred.

If the services are provided to you, then Manitoba Blue Cross would be the “primary” carrier and would pay benefits first. The other insurer would then be responsible for any unpaid eligible expenses.

If the services are provided to your spouse, then their insurer would be the “primary” carrier and would pay benefits first. Your spouse should submit the claim form to their insurer. After receiving payment, any unpaid eligible expenses can be submitted to Manitoba Blue Cross with a completed Manitoba Blue Cross claim form (including your certificate number) and the statement of benefits paid or denied from the other insurer.

If the services are provided to a dependent child, the plan of the covered person with the earlier month and day of birth would be the “primary” carrier. The claim would then be processed according to the procedures listed above.

In single custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with custody of the child,
- The plan of the spouse of the parent with custody of the child,
- The plan of the parent without custody of the child,
- The plan of the spouse of the parent without custody of the child.

In joint custody situations

The plan that will pay benefits for your dependent children will be determined in the following order:

- The plan of the parent with the earliest month and day of birth,
- The plan of the other parent,
- The plan of the spouse of the parent with the earliest month and day of birth,
- The plan of the spouse of the other parent.

Other scenarios

If you are covered by an employer and an individual policy, the individual plan may be considered second payer to coverage available under your group plan.

If you are covered by a group and retiree plan, claims should be submitted to your group plan first as your retiree plan is considered second payer.

Claims should not be submitted to Manitoba Blue Cross when another company is the primary carrier and your dependent(s) is/are covered by another company. In cases where there is an unpaid balance on a claim paid by another company, Manitoba Blue Cross will process the remaining balance. Please remember to include a copy of the payment summary, or explanation of benefits issued by the other company with your claim so that the unpaid balance may be processed for reimbursement of up to 100% of the value of the claim.
